

WOULD LIKE TO BE GOVERNOR, CONGRESSMAN GLASS SAYS.

Has Not Yet Decided to Enter Race Next Time, But Will Probably Do So—Abingdon to Get Revenue Office.

(From Our Regular Correspondent.)
WASHINGTON, D. C., September 16.—"I should like to be Governor of Virginia. It is an ambition worthy of any Virginian."

It was thus that Representative Carter Glass spoke here of the reports that he is to be a candidate for the Democratic gubernatorial nomination in 1909. He did not go into details in discussing his candidacy. He is not at all certain that he will enter the race four years hence. He does not know certainly that he will ever be a candidate for the highest honor within the gift of the people of Virginia. He would make no statement in connection with his proposed candidacy. The foregoing was elicited as the result of a direct question as to his attitude towards the governorship.

Though not detailed nor lengthy, it is important. Mr. Glass has not failed to achieve anything he has gone after in politics. Of course, this does not mean he will always succeed in obtaining the thing he seeks in the political game, but it is significant.

The statement is also significant, owing to the fact that Mr. Glass has never before expressed publicly, at least, a desire to be an officer. He entered the Virginia State Senate rather under protest. He was then a novice in officeholding. He served in the Constitutional Convention, but once or twice he was on the point of resigning, as the work was not to his liking, but was restrained by friends from taking such a step. His congressional life has not been especially to his liking, and he has frequently discussed retiring.

But he says he would like to be Governor of Virginia. Those who know him will realize that this means he will make a fight for the honor. And he knows how to fight. He loves the pastime, and he is thoroughly familiar with all the rules of the game. His declaration that he would like to be Governor of Virginia means more than that it has been made by almost anybody else in the State. Unless his friends are woefully deceived, it means Mr. Glass will contest for the honor. And it means, too, that every other man who makes a fight for the gubernatorial will have to hustle, and if he wins it he will have earned it.

While I have not the word of Secretary Shaw, nor yet of Commissioner Yerkes that the office of the collector of the internal revenue for the Western District of Virginia is to be removed from Alexandria to Abingdon, there is little risked in predicting that it will be done. The change is agreed on, and has been agreed upon. There is not the slightest doubt of this. It is possible that the hearing before the officials named yesterday may have had the effect of "jarring" them a little, but it is not believed that they were dissuaded from their purpose to take the office to the southwestern town.

While Representative Glass, who made a clear and a very cogent argument in favor of the office being taken to Lynchburg in case any change is made, is hopeful that it will be located there, there is really very little ground for the hope. It is pretty safe to say that if the office is not removed to Abingdon it will remain at Alexandria.

It is conceded that the removal to Abingdon would only be in the interest of the collector, Mr. Summers, who lives there. Representative Glass showed that while Abingdon was far from the capital, and on the line of one road, Lynchburg was on three trunk lines, and with such good mail facilities that a letter could be mailed to the collector by the commissioner in Washington and an answer received almost within business hours the same day. Mr. Glass also stated that while eight rooms for the use of the collector were available in the public building at Abingdon, sixteen were available in the Lynchburg public building. There is more space in the Lynchburg building by 2,500 cubic feet than in the Abingdon building.

But the Slumps want the office taken to Abingdon, and to Abingdon it will probably go, if removed from Alexandria. It will be more convenient for the collector. Whether it adds to the dignity of an office to have it on wheels is one thoroughly well decided.

An amusing feature of the hearing yesterday was the assertion made by Commissioner Summers and several of the Abing-

donians that seventy-five per cent. of the violations of the revenue law in the district were committed in a comparatively small area, of which Abingdon was the center. Mr. Glass promptly controverted this statement, and asserted that seventy-five per cent. of the cases of violation of the revenue laws in the district occurred in country adjacent to Lynchburg, adding with a smile, that nearly all of them came from Representative Swann's district.

Secretary Shaw said if there was such lawlessness in those regions he thought it probably a wise move on the part of the government to bring the office to Alexandria in the first place.

Neither of the Slumps was present at the hearing, but this does not mean that they are not taking an interest in the matter. It is believed they have made it as certain as they can that the office will be removed to Abingdon.

The Federal government takes no action in any matter concerning Virginia that Mr. Slump does not try to control. He regards his position as the only Republican representative from Virginia as entitling him to the final voice in all such matters. He magnifies his office. There never was in Virginia a political boss more autocratic, who had less claim to rule, or was not better fitted.

PATRICK'S NOMINEES.

T. L. Clarke and J. E. Foster for the House.

(Special to The Times-Dispatch.)

STUART, VA., September 16.—The Democrats of Patrick county held a convention here on the 26th of August and nominated T. L. Clarke for clerk and J. E. Foster for the House of Delegates. Neither of the gentlemen has notified the committee as to whether he will accept. Mr. C. R. Martin, the present clerk, is an independent candidate, and Hon. John S. Taylor is the Republican candidate. Eld. J. W. Barnard, independent Republican, is a candidate for House of Delegates.

The people of this county are practically a unit for Hon. J. M. Hooker, late of the Constitutional Convention, for Congress to succeed Hon. Claude A. Swann. The people want Judge E. W. Saunders to continue as their circuit judge, but in case Judge Saunders should leave the bench for active politics, then the people of Patrick will ask that Hon. E. J. Harvey, late member of the State Senate, be made circuit judge to succeed Judge Saunders.

RALEIGH DISPENSARY IS UNDER FIRE

(Special to The Times-Dispatch.)

RALEIGH, N. C., September 16.—Governor Glenn wired from Concord, N. H., to-day to his private secretary here to honor the requisition of the Governor of North Carolina for John Fisher and Charles O'Day, who are in custody at Vadesboro. The men are to answer charges of grand larceny and house-breaking in South Carolina, whereas they were charged and held for a minor offense at Vadesboro.

The remains of W. J. Hicks, Jr., the fifteen-year-old grandson of Colonel J. W. Hicks, superintendent of the Masonic Orphanage at Oxford, were brought here for interment this evening. The young man was killed at Lexington by being caught between two freight cars of the Southern Railway.

The committee investigating the management of the Raleigh dispensary spent last afternoon and night examining witnesses to prove that the dispensary sells whiskey to minors and drunkards. Thirty-old people testified that they were under age and had bought liquor from the dispensary. Several habitual drunkards were examined to the same effect. The committee meets next Tuesday to resume the hearing.

The State has chartered the Southern Life Insurance Company, of Fayetteville, \$50,000 capital.

TOO LATE TO CLASSIFY.

WANTED, OCCUPANT FOR ONE UNFURNISHED room. Apply No. 312 East Clay Street.

Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive menstruation accompanied by unusual pain extending from the ovaries down the groin and thighs.

If you have mysterious pains, if there are indications of inflammation ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound right away and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.

Read these strong letters from grateful women who have been cured:

Dear Mrs. Pinkham:—(First Letter.) "In looking over your book I see that your medicine cures Tumors of the Uterus. I have been a doctor and he tells me I have a tumor. I will be more than grateful if you can help me, as I do so dread an operation."

—Fannie D. Fox, 7 Chestnut St., Bradford, Pa.
Dear Mrs. Pinkham:—(Second Letter.) "I take the liberty to congratulate you on the success I have had with your wonderful medicine."

Eighteen months ago my monthlies stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor on the uterus and would have to undergo an operation.

Soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined.

—Miss Luella Adams, Colman Hotel, Seattle, Wash.

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence and hope to every sick woman.

Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.

—Lydia E. Pinkham's Vegetable Compound, a Woman's Remedy for Woman's Ills.

CONDEMN STATE SCHOOL BOARD

Resolutions Were Adopted Yesterday by the Board of Amelia County.

(Special to The Times-Dispatch.)
BALTIMORE, MD., Sept. 16.—Mrs. Emma F. Schwartz, of Hayes State, Gloucester county, Va., came here to-day and threw some light on the case in which a baby, left in the care of a negro woman here by its Virginia mother, died and the mother could not be found. The police have been hunting for the parents. Mrs. Schwartz declared that the mother was Mrs. Hogg, wife of a traveling man; and that Mrs. Hogg had used the name of Schwartz entirely without warrant. Mrs. Hogg stopped a few days with Mrs. Schwartz, in Gloucester county, and then went on with her husband, and she does not know where they are.

The baby was left here August 12th with a negress named Maggie Browden, who could hear nothing from its parents, who were strangers to her. The baby died last Sunday, and its body was taken to the morgue. It was about three months old.

What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our medicine of sulphur and molasses every spring and fall.

It was the universal spring and fall medicine, used by all, and cure-all, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unrefined. Sulphur was used in its natural state, and was not purified, and was not taken in any form.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Waters. These are small, clear, colorless bottles and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver and excretory organs, and purifies and enriches the blood by the prompt elimination of waste matter.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of the crude sulphur we know only too well. The modern concentrated preparations of sulphur, of which Stuart's Calcium Waters is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles, and cure constipation and purify the blood in a way that almost surprises patient and physician alike.

Dr. R. M. Wilkins, while experimenting with sulphur remedies, soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when accompanied by constipation, I know of nothing so safe and reliable for constipation, liver and kidney troubles, and preparations of sulphur, of which Stuart's Calcium Waters is undoubtedly the best and most widely used."

BEGINS WAR ON PHYSICIANS

Charlotte Recorder Believes Doctors Are Violating the Watt's Liquor Law.

CRACKSMEN ARE GIVEN UP

Two Surrendered to the South Carolina Officers—Railroad Rates.

(Special to The Times-Dispatch.)

CHARLOTTE, N. C., September 16.—Declaring his belief that many physicians here are deliberately violating the Watt's law by issuing whiskey prescriptions promiscuously, Recorder Shannon holds to-day inaugurated a campaign against the doctors. A leading physician was summoned to appear before him this morning and rigidly examined, but the case fell through.

The drug stores are required to file weekly reports with the police department giving details of every whiskey prescription filled, and the recorder is taking these reports as a basis of his campaign.

Patients, to whom whiskey prescriptions have been given are being examined with a view to ascertaining whether they were sick enough to require the "medicine." The crusade has created a sensation.

Noted Safe-Crackers.

Acting under instructions of Governor Glenn Judge Neale, of Anson County Superior Court, this morning delivered Charles Fisher and Charles O'Day, the noted safe-crackers, to the South Carolina authorities. The men are wanted at Heath Springs for cracking a safe in a private bank, and when South Carolina gets through with them they will be turned over to Virginia authorities for post-office robberies committed in that State.

It will be recalled that Fisher and O'Day were shot, and presumably fatally wounded by a posse of citizens near Wadesboro four months ago. They were given expert surgical treatment and both recovered. It is expected that other safe robberies, committed in this State, will be fastened upon this pair.

Railroad Rates.

Mr. James S. McCarthy, private secretary to Senator McClaurin, of Mississippi, is a visitor in Charlotte. The purpose of Mr. McCarthy's visit is to ascertain the sentiment existing in this section with regard to the proposed railroad rate regulation by the next Congress. He is interviewing prominent business men and manufacturers to that effect. James P. O'Hara, a prominent colored citizen and lawyer, and a former Congressman from this State, died at his home at Newbern this morning, aged 65 years. O'Hara was a native of the West Indies. He was an able lawyer and had a large practice.

CHOSEN A SENATOR.

Delegates Are Elected to the Convention at Danville.

(Special to The Times-Dispatch.)
CHATTANOOGA, TENN., Sept. 16.—District meetings were held in Chattanooga to-day to elect delegates to the Democratic senatorial convention in Danville Wednesday.

E. S. Reid, George T. Risley, J. T. Clement, J. W. McCall, A. T. Treadway, J. S. Jones, R. T. Ramsey and W. H. Bennett were elected from Chattanooga district with one vote each.

J. A. Davis, George S. Norman, E. L. Cox and E. S. Reid were elected members of the County Executive Committee. The delegates go uninstructed.

The Republican campaign will be opened here Monday. Federal Attorney Thomas Lee Moore and S. H. Hoge will speak.

OBITUARY.

Rosalie Winn.

The many friends of Dr. and Mrs. John F. Winn will sympathize with them in their great affliction in the death of their little daughter, Rosalie, which occurred at 10:30 yesterday morning, after desperate illness of several weeks.

Dr. and Mrs. Winn are physicians and trained nursing could do was done for the relief of the little patient, but she has passed away like a flower, to bloom again in the Garden of God.

Friends are invited to attend the funeral services at the residence to-morrow at 12 noon. The interment will be in Hollywood and will be private.

Mrs. Lila Bibb.

Mrs. Lila Bibb died at her home in Knoxville, Tenn., on Sunday, September 10, 1905, after a long and painful illness. She was the widow of John H. Bibb, formerly of Loudoun county, Va.

She is survived by two children, Mrs. J. A. Aichey and Master John Bibb, of Knoxville, and had many friends in this city.

Charles Ellis.

Charles Ellis, little son of Mr. G. W. and Mrs. Emma J. Ellis, died yesterday at his parents' home, No. 412 North Thirtieth Street.

The funeral will be from the residence at 4 o'clock this afternoon.

John R. Bland.

(Special to The Times-Dispatch.)
PETERSBURG, VA., September 16.—John R. Bland died early yesterday morning at the home of his mother, Mrs. Minnie J. Bland, Mr. Bland was twenty years old and was a son of the late Robert Bland of this city.

Mrs. Rella Hobbs.

(Special to The Times-Dispatch.)
PETERSBURG, VA., September 16.—Mrs. Rella Hobbs, widow of R. F. Hobbs, died last evening at her home on Market Street, after a long illness.

DEATHS.

BRIGGS.—Died at his residence, No. 908 North First Street, EDWIN M. BRIGGS, son of Ellen Anne Briggs, at 1:40 P. M., September 16, 1905.

Funeral notice later.

ELLIS.—Died, September 16, 1905, at the residence of his parents, No. 412 North Thirtieth Street, CHARLES, infant son of G. W. and Emma J. Ellis, aged five weeks.

Funeral from the residence THURSDAY AFTERNOON at 4 o'clock. Interment in Oakwood.

TRAYLOR.—The funeral of MRS. V. P. TRAYLOR will take place at St. Marks Church Sunday at 3 P. M. Friends and acquaintances of the family are invited to attend. Interment at Oakwood.

WINN.—Died, Saturday, at 10:30 A. M., September 16, 1905, at the home of her parents, ROSALIE LEWIS, only daughter of Dr. and Mrs. John F. Winn, in the fourth year of her life.

Funeral from the residence, No. 114 North Fifth Street, MONDAY, September 18th, at 12 noon. Interment private.

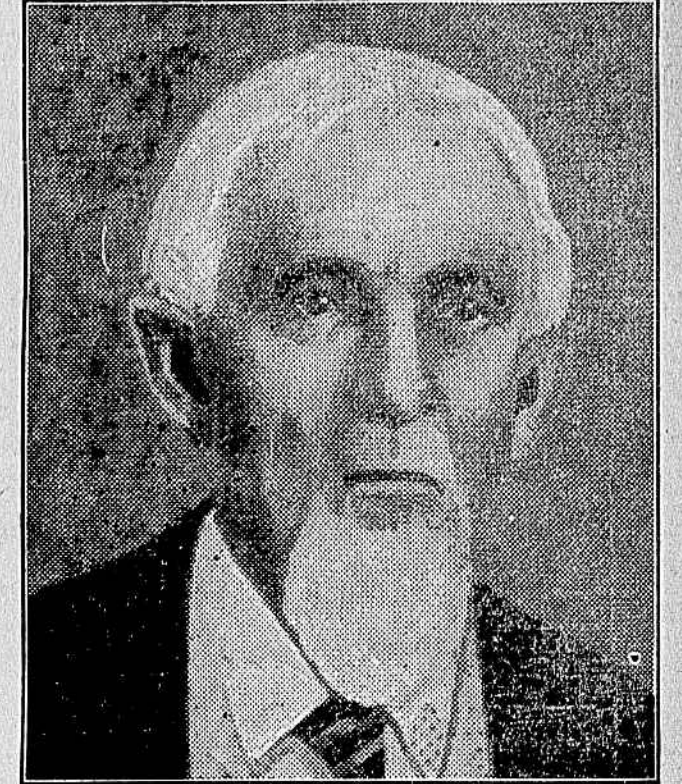

Funeral Notice.

PROSS.—The funeral of MRS. MARY PROSS will take place from the Chapel of the City Hospital THIS (Sunday) EVENING at 4 o'clock.

Celebrated 62d Wedding Anniversary

Mr. Aquilla D. Sharp Celebrated the 62d Anniversary of His Marriage, and Says His Sturdy Old Age Is Due to the Regular Use of Duffy's Pure Malt Whiskey.

"It Has Done Me a World of Good, and Is Truly a Grand Medicine and Tonic for Old Age."

Mr. Sharp recently celebrated his 62d wedding anniversary at his home in Ocean City, New Jersey. He writes: "I am eighty-five years old, and have been a user of Duffy's Pure Malt Whiskey as a tonic and invigorating medicine for years, and am sure it has done me a world of good. I am pleased to recommend it as a truly grand medicine where a tonic is needed in old age, and I find it especially good for coughs, colds, stomach troubles and all run-down conditions."

Duffy's Pure Malt Whiskey

is the perfect tonic-investigator for the aged, and the safeguard of the young. More than 4,000 old people state that their rugged health and sturdy old age are due to the regular use of Duffy's Pure Malt Whiskey. It is prescribed by leading physicians, recommended by ministers of the Gospel and endorsed by temperance workers. Duffy's is the only positive cure of consumption, pneumonia, grip, bronchitis, coughs, colds, sore throat, malaria, low fevers, dyspepsia, indigestion, constipation and every form of lung, bowel and stomach trouble. It aids digestion, induces sound and wholesome sleep, enriches poor and impoverished blood, quickens the heart's action, tones up and improves the circulation and brings the body back to normal health and drives them from the body.

CAUTION—Duffy's is the only whiskey recognized by the Government as a medicine. It is absolutely pure, contains no fusel oil, and is sold in bottles only. You will know the genuine by the "Old Chemist" trade-mark on the label. See that the strap over the cork is unbroken. Refuse substitutes and imitations sometimes offered by dishonest dealers. They are harmful and will not cure you.

No other medicine has such a record. You can get it at all druggists and grocers, or direct. Price, \$1.00 a bottle. Duffy Malt Whiskey Co., Rochester, N. Y.

GOVERNORS CALL MEETING IN SOUTH

Conference of Representative Men to Be Held in Chattanooga in November.

(Special to The Times-Dispatch.)
CHATTANOOGA, TENN., Sept. 16.—A formal call for a conference of Southern representative men to be held in Chattanooga in November, was issued to-day. It is signed by twelve Governors and the presidents of the chambers of commerce of several cities.

The call, after reciting the prosperity and business growth of the South and its prospects, says:

"In the attempt to solve the problems of the South, and to protect themselves from the dread ravages of yellow fever, the most unreasonable, unnecessary and burdensome measures have been adopted, but which reflected on the very instincts of our common humanity, and became a reproach to civilization itself. It is evident, therefore, that some uniform system of quarantine should be adopted, and that the apprehensions of the people from an outbreak of this disease, is necessary if we would save our land from the demoralizing and brutalizing tendencies of a panic-inspired quarantine."

"Again, there are coming into the United States at the present time a larger number of foreign immigrants than ever known in our country's history. Among these are great masses who are wholly undesirable and whom it will be impossible to assimilate with our institutions. There is apparently a tendency to bring many of these undesirable immigrants to Southern ports and also to distribute them from Northern centers into the South."

The call concludes by saying that the undersigned hereby issue this call for a Southern conference on immigration and quarantine, to be held in Chattanooga on November 9 and 10, 1905, and designate the following persons as expected to compose and participate in this conference:

"Governors of the Southern States; members of Congress; commissioners of agriculture; mayors of cities; one representative from each of the Southern States; the general immigration agent; the editors, publishers or proprietors of newspapers; and not more than five representatives from each commercial organization in the South."

The Governors signing the call are: A. J. Montague, of Virginia; John H. Cox, of Tennessee; D. C. Blanchard, of Louisiana; Edwin Warfield, of Maryland; William M. O'Dawson, of West Virginia; N. B. Broward, of Florida; James K. Vardaman, of Mississippi; Joseph W. Folk, of Kentucky; J. C. W. Beckham, of Kentucky; B. C. Heyward, of South Carolina; S. W. T. Lanham, of Texas; and Joseph M. Terrell, of Georgia.

For Governor O'Ferrall is growing weaker hourly, so his physician is convinced. He showed some signs of recovering, but last night he died. His condition was critical and hopeless. His condition that Dr. Trevillian last night advised his family to telegraph for his sons, who are not in the city. The illness, complete nervous prostration, is considered hopeless, though he may yet live some days.
